

American Recovery and Reinvestment Act of 2009 Manufacturer's Tax Credit Certificate

The American Recovery and Reinvestment Act of 2009 provides tax credits for the installation of Qualified Energy Property for residential heating and cooling equipment. Boyertown Furnace Company certifies that the products listed below and placed into service from January 1, 2009 through December 31, 2010 meets the efficiency requirements according to AHRI's rating system to be eligible for a tax credit under ARRA.

Manufacturer:

Boyertown Furnace Company, 156 Holly Road, PO Box 100, Boyertown, Pa. 19512

Class of Qualified Energy Property:

Residential heating and cooling equipment, including: Oil furnaces with "advanced main air circulating fans."

Other Important Taxpayer Information:

There are other important requirements and limitations for the tax credits under ARRA such as the qualified energy property must be installed in the taxpayer's main residence. Boyertown Furnace recommends that you consult a tax professional to ensure they meet all requirements. The Internal Revenue Service is responsible for implementing and administering the tax credits made under ARRA.

Declaration:

" Under penalty of perjury, I declare that I have examined this certificate statement, and to the best of my knowledge and belief, the facts presented are true, correct and complete"

John J. Meade
President
